Range

Energy Saving

I Feel

Golden Fin

10 Year Inverter
Compressor Warranty

E.&O.E.

Sleek Design to Blend With Your Decor

Energy Saving

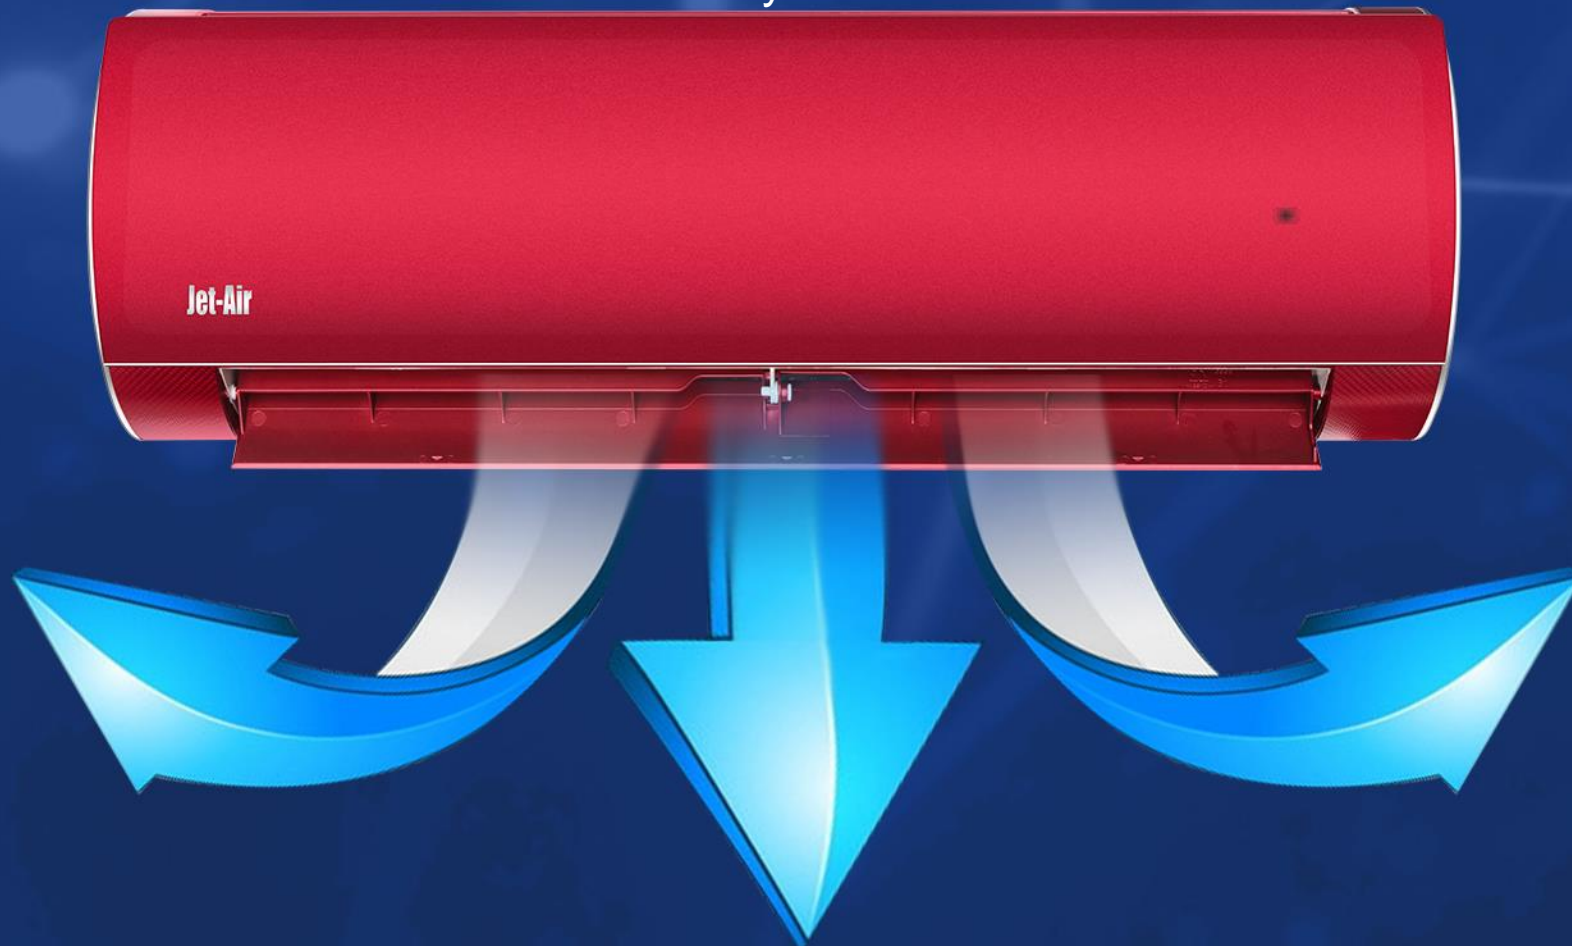

With inverter compressor
the air conditioner could cool off the room quicker.

10 Year
Inverter Compressor Warranty

3D Airflow

With combination of horizontal and vertical auto swing, the room is cooled off more evenly.

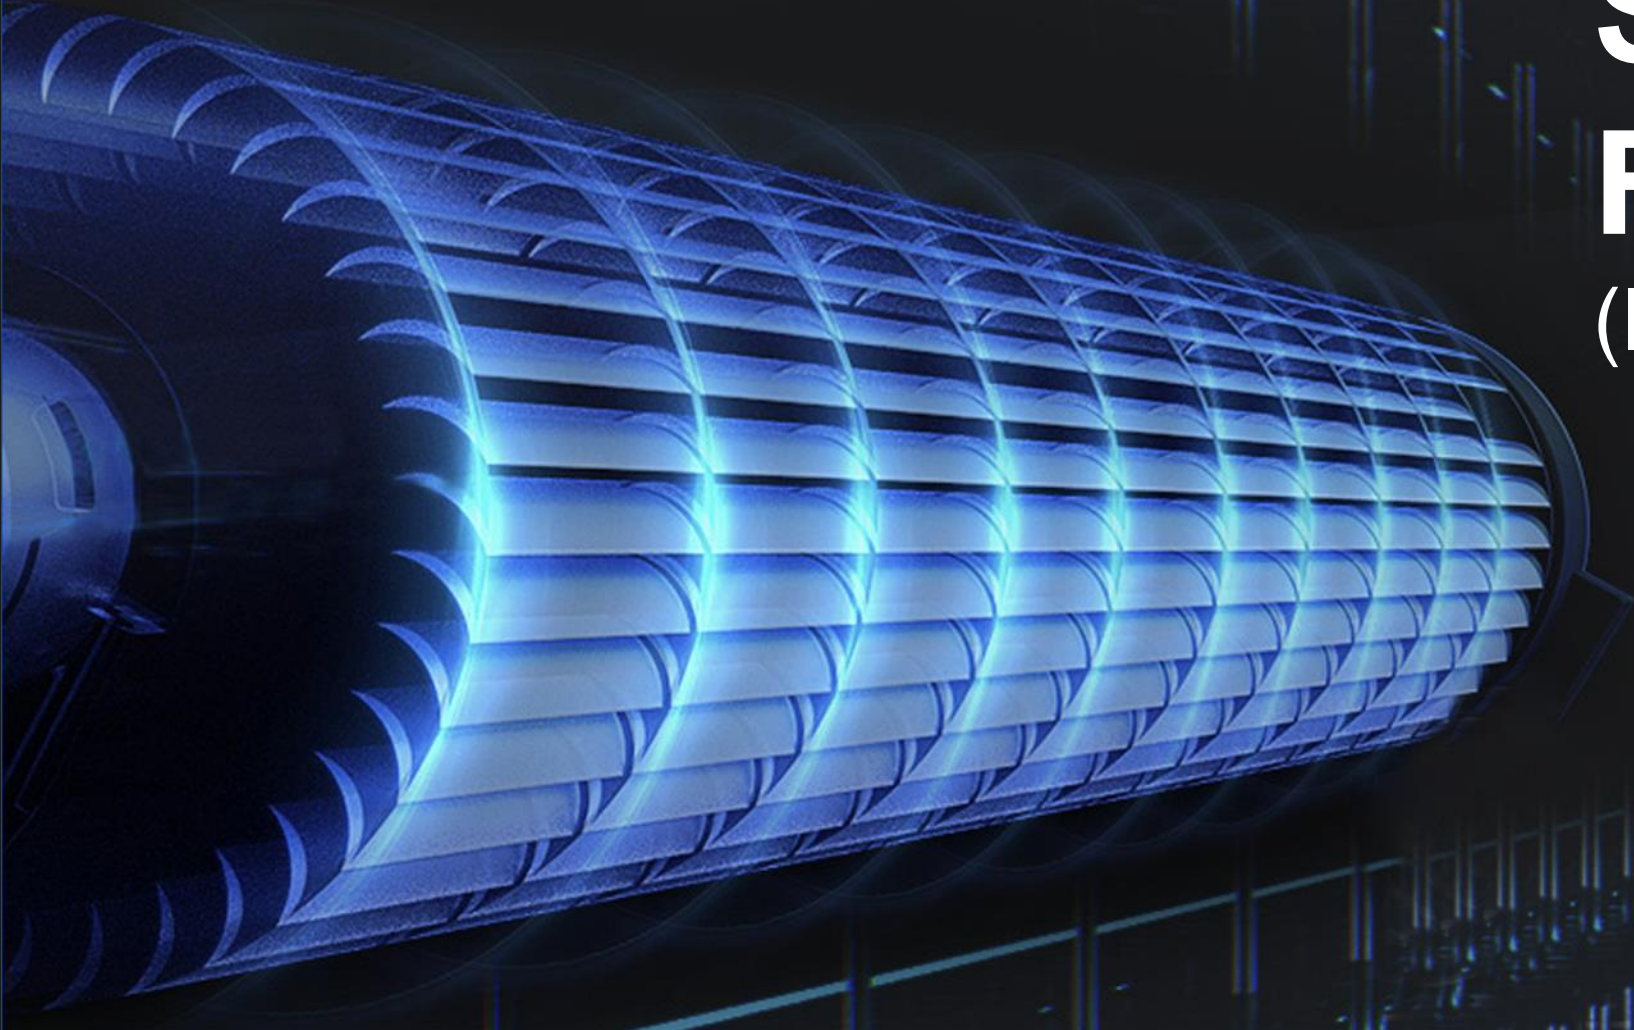

Precise Air Flow Control

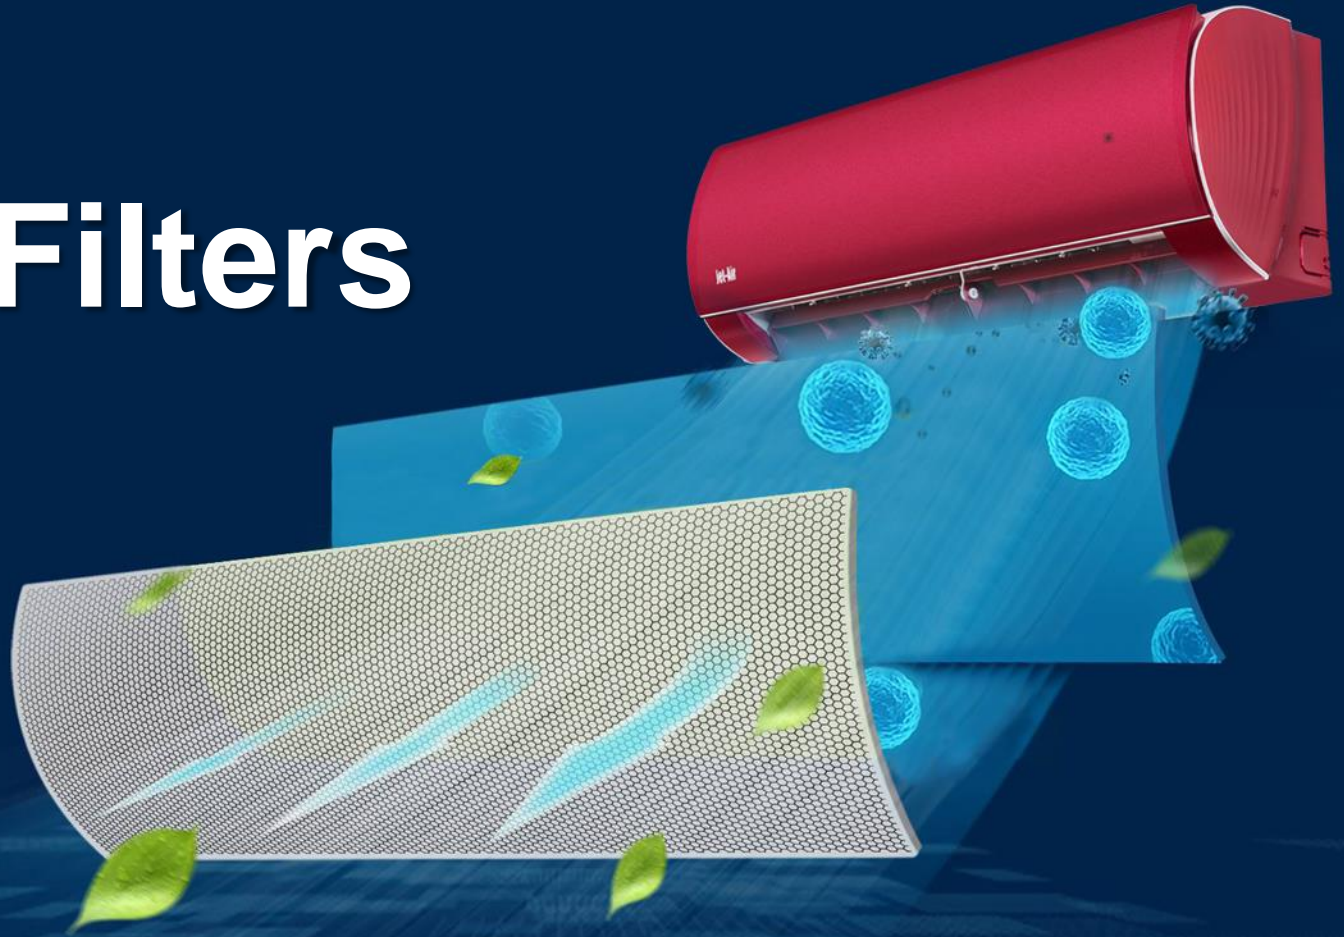

Jet-Air

Seven Fan Speed (Indoor)

Washable Filters

Your
Feelings
Matter

I Feel

With I feel function, unit would operate based on the temperature sensed from remote controller, which is usually closer to the user. Unit would cool off the room closer to what the user feels.

Sleep Function

Low Noise

28dB

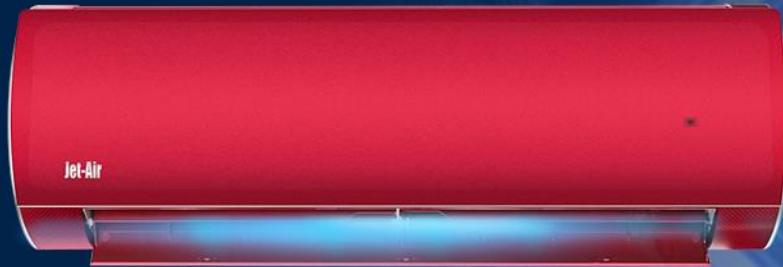

A stylized sound wave graphic in a light blue color, positioned below the "28dB" text to represent the low noise level.

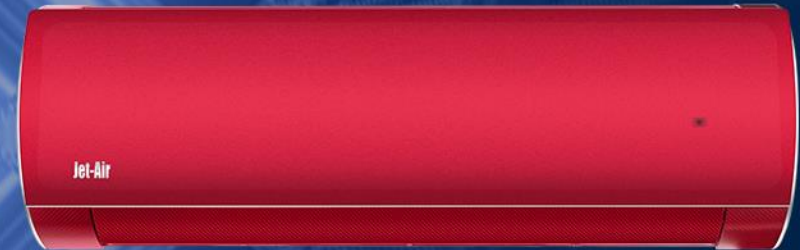

Wired Controller

(Optional Extra)

9AM

5PM

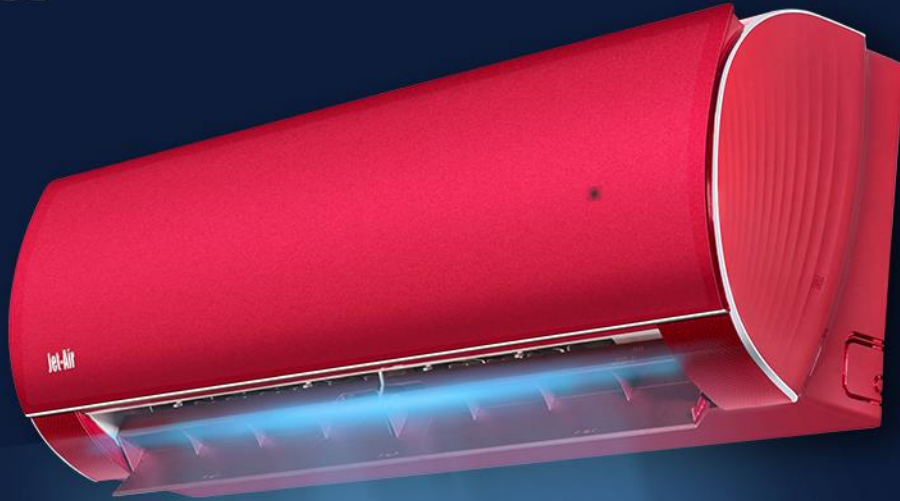

Timer On/Off Function

User could set the local time at remote controller and then set the indoor to be on at 9AM and be off at 5PM.

JASA
Smart Home

Jet-Air
Cool, Warm & Collected

Wide Voltage Range

Random Startup

When power comes back, the air conditioners would start in random sequence to avoid all-together impact on the grid at the same time.
